Comments from the Public or Visitors:

Larry Kondrat, Highland, inquired about the Community Block Grant Funds for the years 2025, 2026 and 2027. He wanted to know what projects had the Town of Highland used the funds previously awarded. He also wanted to know how much money the Town will received. He was advised roughly \$102,000. He then wanted to know if that was every year? He was advised that it was a one (1) time allotment.

Councilor Black responded that the Town used the money to help make the Town more ADA compliant with projects like changing the corner into handicap accessible and for reconstruction of streets that the residents income qualify as low to moderate.

Enrolled Minutes Highland Town Council July 8, 2024 Page 6 of 45

He added that the money doesn't necessarily have to be used for low or moderate income projects.

The Clerk-Treasurer advised Mr. Kondrat that tonight's action was to renew the agreement for the next three (3) years but not choosing a project. The selection process will take place later in the year.

Public Works Director Knesek said that the Town will submit a project this year for construction next year. The funding will begin in 2025.

To: Mayors, Clerk-Treasurers, Town Council Presidents and City and Town Council

Re: Renewal of Three-Year Agreements with the Lake County Community Economic Development Department for all 16 City and Town Partners and Notification of Opportunity to Terminate Agreement

Fr: Tim Brown

The time has arrived again to renew our relationship in using Community
Development Block Grant Funds for the next three years starting in September of 2025
to end of August 2028. The purpose of this memo is to provide each of our community
partners with the Renewal Agreement, Resolution and Opt-Out Letter.

The three year agreements are the same as has been used before. The CDBG funding formula is dependent upon the Federal Budget processes and timeline. For FY2024 there was a slight increase to CDBG funds that only eliminated the last four years of lower CDBG funding levels. Annually LCCEDD allots \$715,000.00 to CDBG Community and County Projects and this level of funding has remained intact for over 6 years regardless of lower federal CDBG allotments. Allotments are determined by population size and a minimum base rate for all participants.

The LCCEDD staff are here to help each of our partners succeed in helping their residents using the available grants and funds. Your Clerk/Treasurer has been given the necessary resolution and agreement to extend our partnerships thru August of 2028. We hope to see you at an upcoming meeting in July.

Lake County is considered an Urban County, one of two in the state of Indiana. The enclosed agreement is required to be sent into HUD by all participating communities in the County. If your community wishes to Terminate our relationship send in a signed Termination Letter. Partner communities wishing to terminate participation will not receive CDBG funding for the three-year renewal period. Thank you.

### FY 2025 – 2027 COOPERATION AGREEMENT

This Agreement, entered into this 8th day of July, 2024, by and between the County of Lake, Indiana, hereinafter referred to as the "County", and the Town of Highland hereinafter called "Municipality".

### WITNESSETH:

WHEREAS, the Congress of the United States has enacted the Housing and Community Development Act of 1974, as amended to date (hereinafter referred to as the "Act"). This Act creates the Community Development Block Grant (CDBG) Program which has as its primary goals the funding of activities which benefit low and moderate income households or, prevent or eliminate slums or blight or, meet other community development needs having a particular urgency because

Enrolled Minutes Highland Town Council July 8, 2024 Page 13 of 45

existing conditions pose a serious and immediate threat to the health and welfare of the community where other financial resources are not available to meet such needs; and

WHEREAS, both the Municipality and the County are desirous of entering into community development activities within the County of Lake which are directed toward said goals and are desirous of seeking such Federal funding as may be available to them, pursuant to the Act, and

WHEREAS, municipalities and counties in Indiana have authority to enter into agreements whereby a County may undertake, and is authorized by a Municipality, to exercise any power, perform any function, or render any service on behalf of a Municipality, which such Municipality may exercise, perform or render; and

WHEREAS, the Municipality and the County each have authority to carry out the kinds of activities which are the objectives of the Act pursuant to statutes of the Indiana Revised Code; and

WHEREAS, the Municipality and the County have agreed that it is in the best interest of their constituents that the objectives and goals of the Act be carried out within the County of Lake and that the Municipality and the County should join together in community development activities;

**NOW THEREFORE IN CONSIDERATION** of the provisions hereinbefore and herein after contained, it is mutually agreed as follows:

1. The term of this agreement shall commence September 1, 2025 (the County's FY 2025 CDBG funding year), terminating on August 31, 2028 (completion of the County's FY 2027 funding year). This Agreement shall include such additional time as may be required for the expenditure of CDBG and Home Investment Partnership Program (HOME) funds and program income, if any, granted to the participating unit of local government during the three year qualification period under this agreement are expended and the funded activities completed, subject to the limitations of ITEM 16 of this Agreement.

Neither the County nor the participating unit of general local government may terminate or withdraw from the agreement while the agreement remains in effect. This Agreement may only be terminated by either party to the Agreement if the U.S. Department of Housing and Urban Development fails to provide Community Development funds to Lake County, Indiana under the Urban County provisions of the Housing and Community Development Act of 1974, as amended, for Federal fiscal years FY25, FY26 and FY27.

- 2. The Municipality and the County shall cooperate in undertaking, or assisting in undertaking, essential community development and housing assistance activities, specifically, those activities authorized by the Indiana Revised Code 36-7.
- 3. The Municipality hereby authorizes the County to undertake and assist the Municipality in carrying out all of the essential activities and objectives of the Act as set forth in the Federal Register, Volume 30, Number 220, Part III, dated November 13, 1974, and its subsequent revisions, incorporated herein by reference, and all applicable State and Local laws. These applications shall set forth a Statement of Community Development Objectives, Projected use of Funds and the Consolidated Plan shall hereinafter together be called the "Plan".

- 5. The Municipality may prepare recommended community development projects and activities within its boundaries. These projects and activities must be in accordance with the goals and objectives of the Act, and must be eligible for funding under the Act. It is the stated intent of the County that any CDBG Entitlement funds provided under the Urban County Program are to be distributed fairly and on an equitable basis amongst all of the non-entitlement cities and towns, which are participating in the Urban County Program. It is the further intent of Lake County that each Municipality participating in Urban County Community Development Program shall receive funding for some project, or activity, which is eligible under the Act, and meets the goals of the Act. It is also further understood that the Act places emphasis on urban areas in providing for the distribution of Urban County formula projects.
- 6. If projects or activities within the Municipality are approved and funded, pursuant to the application, the County may permit the Municipality to implement those portions of the plans which are to take place within its boundaries, or the County may implement all portions of the Plan. The parties acknowledge that, the County will have the responsibility and authority for the overall implementation of the program, and for the proper use of the Urban County formula in accordance with the requirements of the Act.
- 7. The County shall develop a uniform administration procedure for the development of the application and the distribution of Community Development funds. These procedures will of necessity reflect the requirements of the Secretary of Housing and Urban Development and the regulations which the Secretary may develop for the distribution and expenditure of Urban County formula funds.

The parties further agree that the county shall not fund any activity which is in, or in support of, any cooperating unit of general local government that does not affirmatively further fair housing with the jurisdiction of its local government, or that impedes the County's actions to comply with its fair housing certification.
- The Municipality agrees to comply with all applicable regulations, laws, notices and other requirements of HUD now, or hereafter in effect, pertaining to the CDBG Entitlement Program and the HOME Program. The Municipality further understands that noncompliance by the municipality can provide cause for funding sanctions or other remedial actions by the County, and or, the U.S. Department of Housing and Urban Development.

- 12. Pursuant to the Consolidated and Further Continuing Appropriations Act, 2015, Pub. L. 113-235, a unit of general local government may not sell, trade, or otherwise transfer all or any portion of such funds to a metropolitan city, urban county, unit of general local government, or Indiana tribe, or insular area that directly or indirectly receives CDBG funds in exchange for any other funds, credits, or non-Federal considerations, but must use such funds for activities eligible under Title I of the Housing and Community Development Act of 1974, as amended.
- 13. The County and Municipality agree that any municipality who has control over CDBG funds, including program income, shall adhere to all regulations applicable to subrecipient under 570.501(b) including the requirements of a written agreement set forth in 570.503 regarding;

- 14. The Municipality understands that it may not apply for grants under the Small Cities or State CDBG Programs from appropriations for fiscal years during the period in which it is participating in the Urban County's CDBG Program; and may not participate in a HOME consortium except through the Urban County, regardless of whether the Urban County receives a HOME formula allocation.
- 15. The terms of this Agreement covers both the CDBG Entitlement Program and the Home Investment Partnership Program.

### Dealership Information

Family-owned and operated since 1969, Standard Equipment Company provides environmental equipment solutions for municipalities, contractors, and companies. We have built a reputation for excellence by offering the finest new equipment, a large selection of parts, excellent service, and unparalleled customer support. We customize environmental equipment solutions for every situation by putting our customer's needs first. Standard's greatest ability is dependability.

### Manufacturer Information

Elgin sweepers have been cleaning roadways since 1914, and while products have grown and improved, the commitment to quality and performance the company was founded on has not changed.

Clean streets improve water quality, air quality, overall community health and help prevent water pollution. Elgin founder, John Murphy, recognized the health hazards caused by streets filled with filth and debris, and created the very first street sweeper. The sweepers we produce today aren't just any sweeper – they are the toughest, and most rugged sweepers on the market.

Elgin equipment utilizes all variations of today's sweeping technology — mechanical, pure vacuum sweepers, regenerative air, alternative fuel, waterless dust control — and now a single-engine technology — to offer customers the sweeper that matches their needs. From general street maintenance to special industrial and airport applications, Elgin puts its customers in the sweeper that best meets their needs.

### Elgin Pelican-NP

The Elgin® Pelican® broom sweeper is a three-wheel mechanical sweeper based on one of the original street sweeper designs, which has been continuously improved since 1914, meeting the highest sweeper standards. Maneuverability, visibility, economy, serviceability, and single-lane dumping with a sweep system that easily handles heavy compacted dirt and bulky debris are all features of the Elgin Pelican. An isolation-mounted cab provides a cleaner, quieter operation, and the improved 360-degree visibility and easier access for service and maintenance make the Elgin Pelican an industry leader in road sweepers.

The Pelican is also available with Elgin's innovative waterless dust control feature; allowing year-round sweeping, sweeping with water conservation, and eliminates the use of water on reactive compounds like Portland cement.

## Comments from the Town Council: (Good of the order)

• Councilor George Georgeff: Chamber of Commerce; • Liaison to the Board of Water Works • Co-Chair Town Board of Metropolitan Police Commission • Redevelopment Commission Member

With Councilor Georgeff being on vacation, Councilor Scheeringa began by thanking his wife for putting up with him all these years as this Wednesday is their 20th wedding anniversary. He then thanked the HCCE for putting on an amazing festival and personally thanked Councilor Alex Robertson for the great job he did as liaison. He then thanked the various Town departments for all their help in making the 4th of July festival a success. He said we can't thank them enough. It was a great success and everyone did a phenomenal job. He then acknowledged Metropolitan Police Chief Ralph Potesta who went over the last two (2) weeks crime statistics:

Enrolled Minutes Highland Town Council July 8, 2024 Page 39 of 45

For a 5 day festival we had minimal issues. I attribute that to the manpower we had on the festival

All 4 entrances / exits were covered from 2pm to close every night.

During the peak hours from 6pm to close every night we had 5 officers roving the grounds.

One overnight officer each night

Then from 6am – 10am every morning we had an officer on the grounds OUT OF 24はならいはイン WKには い。 Police Patsence Every officer on the department worked at least one shift at the festival.

We even put our 3 new hires through a 40 hour pre-basic academy course so that we could use them in a police capacity at the fest.

2 Juvenile arrests (same incident) from Hammond – Criminal Mischief plus other possible charges related to a fireworks incident in the park.

2 vehicles were also damaged by the device. - So Possible civil liligation

Cutting and stomping down of fencing was a big issue.

Parks department did an outstanding job trying to keep up with re-securing the gaps with zip ties.

Concern there was public leaving with alcohol. Didn't see any sign of alcohol leaving the property

Thanks to FD for providing extra bodies out there. Nice to have the extra set of eyes and ears on the grounds. They assisted us in clearing out the midway each night. Some even stuck around later to help clear out the park when everything closed up. This was the first time our fireman participated and their help was greatly appreciated.

We will be participating in the HCCE Meeting this Wednesday to debrief and share thoughts and ideas.

• Councilor Doug Turich: Park and Recreation Board Liaison • Liaison and Plan Commission Member • Advisory Board of Zoning Appeals Liaison • Redevelopment Commission Member

Councilor Turich began by echoing Councilor Scheeringa's on the 4<sup>th</sup> of July festival on how unbelievable the 4<sup>th</sup> of July festival was. It was a great weekend, the weather cooperated and a lot of great help from all the departments. He also mentioned the Highland Neighbors for Sustainability who removed recyclables from the trash receptacles so they could be recycled and not placed in the landfill.

Councilor Turich then acknowledged Building Commissioner Ken Mika who said the regular public meeting in July for the Plan Commission is being cancelled, however, the Plan Commission will meet in study session instead to review and make modifications to the existing Sign Ordinance. He said the BZA will be meeting to approve the Finding of Fact from their June meeting. He said one that will be coming back to the Council is the used car lot variance at the corner of Ridge Road and Cline Avenue. The BZA reheard the petitioner and once again denied the petitioner's request and will be sending an unfavorable recommendation to the Town Council. At the same meeting, they have a variance request for an additional garage at 9145 Liable Road. He said his department issued a building permit for a new restaurant in Porte DeLeau Plaza and the address is 2050 - 2060 45th Street. It is called Crunch It Express. He said the Osbourne storage units continue to progress as the foundations have been poured and the underground plumbing and electric has been completed. He said they are in the process of pouring the floor for the 1st building. The ice cream shop on Highway completed the exterior work today and he will be doing the finals shortly. He commented on the meeting coordinated by Attorney Reed between himself, Councilman Georgeff, Matt Summers from Hyre Electric and the resident Todd O'day at the Marcus Auto Leasing building. Utilizing a light meter, it was determined there was no light spill from the two (2) mass light towers. He did say that two (2) lights on the south side of the building were pointed wrong and causing a nuisance. The business owner repositioned the lights and the nuisance went away and the resident was happy.

Councilor Turich then acknowledged Park Superintendent Alex Brown, who mentioned the race before the start of the twilight parade. He said they had a record 538 runners and he anticipated the race getting larger each coming year. The overall winner was Highland resident Alex Guerrera. He ran the race in 4 minutes and 17 seconds. He had tried out for the Olympic Team and missed the trials by two (2) seconds. Alex said the monthly concert series resumes this Wednesday at Main Square and this Friday is a movie in the park at Main Square. He reminded residents of the fishing derby at the Meadows Pond this Saturday. He said there is an AAU tournament this Saturday at the Lincoln Center and there is a Bulls camp next week at Lincoln Center. He said the camp is full. He said they were informed by the National Softball Association that they removed Highland from the NSA World Series next weekend

because of the sewer project on one of the fields at the Sharp Athletic Complex. He said they did receive some good news as NIPSCO gave notice that they could proceed with the pickle ball courts at Meadows Park and the tennis courts at Brantwood Park. He said they received 20 applications for the Recreation Supervisor opening of which seven (7) were worthy of an interview.

Councilor Turich asked Alex which sports organization was invited to the upcoming Park Board meeting. He was advised that it was the soccer club. He then asked Councilor Scheeringa to pass along that information to the soccer club.

- Councilor Alex Robertson: Sanitary Board Liaison Redevelopment Commission Member
- Council of Community Events Commission Liaison Public Works Liaison Liaison to Main Street

Bureau • Liaison to the Tree Board • Liaison to the Highland Neighbor for Sustainability.

Councilor Robertson thanked the Council for their participation and help with the 4<sup>th</sup> of July festival. He said there was a record number of entries for the Kiddie Parade this year. He thanked the community for coming out and supporting not only the Kiddie Parade but the whole 4<sup>th</sup> of July festival. He thanked the Police for escorting him to do the money drops each evening. He then thanked the members of the HCCE for all their hard work in putting together a terrific festival.

Council Robertson then acknowledged Public Works Director Mark Knesek who gave an update on the sewer project. He said the contractor successfully bored the 60" line under the 84" storm sewer. It took the contractor about five (5) days but all went well. With the age of the 84" sewer, they were a little concerned. The next phase will be digging up parts of Parrish Avenue to lay the pipe. He said they met with all of the residents along Parrish Avenue that will be impacted by the project. He said they are going to insert valves on the water main to maintain water flow. They are moving the water main from the east side of Parrish to the west side of Parrish. The residents water line is in a utility easement in their backyards. The residents are fine with the valves being installed. The project should take a couple of days and then the contractor will come in an replace the top soil and apply seed.

Councilor Turich asked the Public Works Director that once the seed is applied to have someone periodically check to make sure is taking. He said he did not want a repeat of what happened on the corners where seed was applied after making the corners ADA accessible but the seed never took. He said, actually a bunch of weeds sprang up. The residents won't be happy if a bunch of weeds spring up in their backyards.

Public Works Director Knesek said the contractor should be done in Homestead Park in a few weeks and he can start restoring the ball field and be ready for fall ball.

Park Director Brown said they have already started taking applications for fall ball and have not figured that field into their scheduling of games.

Councilor Black began by concurring with the other councilmembers offering thanks to the members of the HCCE and the various departments that helped to make it a fantastic 4<sup>th</sup> of July. He particularly singled out the 1<sup>st</sup> responders and the ladies and gentleman of the HCCE. He said he knew that many of them were doing double duty working with the HCCE and other organizations. He too thanked Alex Robertson for everything he did to insure a successful festival.

• Town Council President Philip Scheeringa: Town Executive (I.C. 36-1-2-5-(4); I.C. 36-5-2-2; I.C. 36-5-2-7); • Board of Trustees of the Police Pension Fund, Chair (By Law) • Budget Committee Chairman • Redevelopment Commission Member • Co-Chair Town Board of Metropolitan Police Commission • Fire Department Liaison • Information Communications and Technology Department Liaison • Building and Inspection Department Liaison.

Councilor Scheeringa then acknowledged Fire Chief Mike Pipta who recapped the fire activity for the month of June. In the month of June, they had forty-seven calls. One was a structure fire to house that caused significant damage to the house. He said luckily, the dog survived the structural fire. There was one (1) business fire with minimal damage. The ended up doing 3 mutual aid calls. He said they spent several hours housed in the St. John fire station as their department battled a really bad fire. They did the same with the Lake Station Fire Department. They actually assisted Munster with a structural fire. He thanked Chief Potesta for allowing him to use the Community Room in the police station as he hosted the Fire Chiefs Association and Lake County Mavis meeting. He thanked all of the fire fighters for all of their hard work they did not only covering Highland's festival but all of the other parades throughout Lake County that they participated in. He again thanked Chief Potesta for having his midnight crew check the baby box one time during the midnight shift as required per the contract.

Councilor Scheeringa then acknowledged IT Director Ed Dabrowski who said he is working on some projects, some of which he is making significant progress. He said while walking, he noticed the telephone poles along Grace. He asked the representative from Nipsco what was going on. He told Ed that they are changing out all of the telephone poles to improve our internet and phone service. The Nipsco representative could not give a definitive date when this was going to take place but the police station and town hall will be effected. He said he got some positive feedback regarding music downtown, especially during the Kiddie Parade. The kids especially liked it when a Taylor Swift song was played. He asked if anyone had any questions.

Ed was asked if the downtown speakers could be used to announce things, like the race results? He advised the Council yes.

That concluded comments from the Council and President Scheeringa then turned it over to comments from visitor's or residents, reminding them to limit it to 2 minutes.

#### Comments from Visitors or Residents:

Sandy McKnight, Highland and Vice President of the Council of Community Event just wanted to thank the Council in all their support they gave to the HCCE.

Lydia Schotts, Highland asked what were hours the time of rotary corn roast? She was advised that it was 4:30 o'clock p.m. to 7:30 o'clock p.m. She then commented how tacky the orange snow fence looked around Main Square. The Council agreed and said they were working with Park Superintendent Alex Brown to get costs for putting a permanent fence around the Main Square but it is very costly. She concluded by congratulating the HCCE on putting on a fantastic 4<sup>th</sup> of July festival. It was simply marvelous.

Kathy Burke, Highland and a member of the Highland Council of Community Events. She also serves as Chairman of the food and non-food vendors. She wanted to comment on the proposed fencing around Main Square. She said if it ever does happen, she hoped the Council would take into consideration the vendors with trailers or food trucks. She said they need a lot of space to get into and out of the park. She said you have to take into consideration hitches and things like that when you are planning the entrances.

Carol Parker, Highland and a member of the Highland Council of Community Events wanted to thank our community because the people of Highland made it possible and like to have fun. They are the ones who made the festival. She said she wanted to go behind the scenes a little and compliments Kathy Burke for handling all of the food vendors. Little do people know that she tasted all the food before letting a food vendor participate. They're were vendors that were rejected. She complimented Sandy McKnight who did a great job in selecting the bands. Sandy like to start in December so she can get the best bands available. She said the bands want to come back to Highland. She thanked Jamie Potesta, Chief Potesta's wife for giving those great massages. She thanked everyone for their help.
